Certification Completion: Our Instructor Course is brief but jam-packed with information. Here is what will be expected of you after the Instructor Course in order to complete your CIMI certification.

Exam Process: The written exam is a take-home open book format, so we encourage you to read through and familiarize yourself with the required books before the Instructor Course.

Practical Exam: The second half of the CIMI certification exam involves teaching infant massage to a minimum of four families, with at least 2 sessions per family. You need to have a total of 8 sessions to complete your practicum. 2 sessions each with 4 families. It is best to offer these as one on one sessions. We recommend getting started now with organizing your parents and babies for the practicum. After the course, you will have two months to complete these sessions.

Where to Send Your Exam Materials: Your written exam, the families' evaluations and your SOAP notes of the sessions should be sent directly to the International Loving Touch Foundation. Once all the course requirements have been completed you will receive certification through the International Loving Touch Foundation.
